### **Semi-Annual Fresno Workforce Training Forum** *Identifying skills gaps impacting local business recruitments*

**FRESNO, CA** – Earlier this year we met with over 130 businesses throughout Fresno County for a robust discussion identifying key skills issues impacting recruitment needs, and a review of solutions that support employee retention, increased productivity and the overall success of our business community.

We will continue this discussion tomorrow getting more in-depth and getting input from the community about the issues they face in regards to qualified candidates in order to meet their recruitment needs. Also, we will review the data and information gathered from our previous event such as the top skills deficits identified and what the data means for employment opportunities right here in the Valley.

Please join us as we delve into this discussion to build partnerships and programs that will that will help assist our local businesses and jobseekers throughout Fresno County.

- What:**           **Semi-Annual Fresno Workforce Training Forum**
- When:**          **Tuesday, October 28, 2019 –**
- **Registration @ 7:30am**
  - **Presentation @ 8:15am**
- Where:**        **TorNino's – 5080 N. Blackstone Ave., Fresno**

*A proud partner of America's Job Center of California<sup>SM</sup> network.*
